

SEP 10 1974

1. The source of the proposed appropriation is an unnamed spring  
Name of stream, lake or other source.

2. The amount of water applied for is .20 <sup>foot</sup> ~~second-foot~~  
One second-foot equals 448.83 gals. per min.

(a) If stored in reservoir give number of acre-feet                      acre-feet

3. The water to be used for mining, milling and domestic use  
Irrigation, power, mining, manufacturing, domestic, or other use.

4. If use is for:

(a) Irrigation (state number of acres to be irrigated)                     

(b) Stockwater (state number and kinds of animals to be watered)                     

(c) Other use (describe fully under "No. 12. Remarks") mining and milling, see No. 12

(d) Power:

(1) Horsepower developed                     

(2) Point of return of water to stream                     

5. The water is to be diverted from its source at the following point: in the NE $\frac{1}{4}$  SW $\frac{1}{4}$  of Section  
11, T.18N., R.53E., M.D.B. & M. (Unsurveyed) or a point from which  
Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land,  
the SW corner of Section 36, T.19N., R.53E., M.D.B. & M. bears  
it should be stated. N. 25° 08' E. 7857.88 ft.

6. Place of use point of use in SE $\frac{1}{4}$  SE $\frac{1}{4}$ , Sec. 2, T.18N., R.53E.,  
Describe by legal subdivision, if on unsurveyed land it should be so stated.  
M.D.B. & M. (Unsurveyed)

7. Use will begin about January 1 and end about December 31, of each year.  
Day and Month Day and Month

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) Spring will be developed by  
excavation and gravel packing. Perforated plastic pipe will  
State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits.  
gather the water, which will connect to unperforated pipe, which  
will direct the water to the place of use by gravity flow.

9. Estimated cost of works. \$2,500.00
10. Estimated time required to construct works. 1 year
11. Estimated time required to complete the application to beneficial use. 1 year
12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use. Water will be utilized for mining and milling purposes, including leaching, under which water will be used to form a cyanide solution and applied to heaps of ore to leach gold values. Water will also be used for domestic, drilling, dust settling, and other uses incident to the mining and milling operations. The estimated annual consumption will be 90 gpm (.20 second foot) 24 hours per day, seven days per week, throughout the year.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 0.2 c.f.s., herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.2 cubic feet per second, but not to exceed 144.76 acre feet annually.

Actual construction work shall begin on or before December 19, 1975

Proof of commencement of work shall be filed before January 19, 1976

Work must be prosecuted with reasonable diligence and be completed on or before December 19, 1976

Proof of completion of work shall be filed before January 19, 1977

Application of water to beneficial use shall be made on or before December 19, 1978

Proof of the application of water to beneficial use shall be filed on or before January 19, 1979

Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed AUG 11 1975

Completion of work filed JAN 31 1977

Proof of beneficial use filed NOV 1 1979

Cultural map filed

Certificate No. 10084 Issued JUL 14 1982
